My Referees

"Christos is a Copyright Expert with great knowledge on the Artistic field. He can consult and guide young professional Designers who are making their new steps into the Design Industry. My team is really grateful to Christos for all the guidance, advises and depth explanations."

— *Giannis Evangelou, Freelance Graphic Designer/Illustrator, was Christos's client*

"Christos is a very talented and very able professional. He knows what's important and how to get what he wants from his colleagues, he appreciates hard work and individual vision (he himself having so much of both). He is a very hard working man too and is utterly respectful of other people's creative and collaborative processes. He is also amazing at providing a safe & supportive environment for others to work in and doesn't hesitate to offer more than he signed on for, when the cause asks for it. In other words he is totally in control but is also not afraid to let others shine under his guidance. In fact he encourages it. He is a very kind, generous individual, a man of his word (a rare quality these days), full of integrity and well-placed ambition. It was my privilege to collaborate with him, and intend to repeatedly do so in the future."

— *Yannis Zafeiriou, Director/Co-Scriptwriter of "kappa MYSTA - I AM U" music video, Veramand Limited, reported to Christos at Veramand Limited*
